## “Achieving Excellence in a Patient-First Environment.”

Join The Reading Hospital and Medical Center on our beautiful 36-acre campus nestled in suburban West Reading. We're closer than you think — less than an hour from Allentown, Lancaster and King of Prussia.

As a results-oriented professional, you will develop and implement mechanisms to assess and measure the delivery of quality patient care. You will oversee nurse managers and manage the annual capital budget by preparing reports and allocating resources appropriately.

**Surgical** – We are seeking a leader for surgical nursing, including the specific units of orthopedic trauma, joint care center and general post-op surgery. Must have clinical expertise in medical surgical nursing and hands-on nursing experience in specialty.

**ED/ICU** – We are seeking a leader for emergency and intensive care nursing, including the specific units of Emergency Care, SICU, MICU, IV Team and Infusion Center. Must have clinical expertise in Emergency Care and Intensive Care departments.

Master's in Nursing or healthcare/business-related field required. Candidates selected must be self-directed and motivated and committed to quality patient care. Must be able to demonstrate advanced leadership skills. Five years of strong leadership experience is required.

Please call 610-988-5033, send resumes to [FiscusK@readinghospital.org](mailto:FiscusK@readinghospital.org), or apply online at [www.readinghospital.org](http://www.readinghospital.org). EOE
